**2nd SUPPLEMENTAL BRIEF IN SUPPORT  
OF CERTIORARI**

### Introductory Statement:

On February 24, 2006 +/-, Petitioner/Urban received an Order from the New York State Court of Appeals (the State's highest Court;) dated 2/21/06, attached herein as Supplemental **Appendix "A."**

In said Order the state's highest Court REFUSED Urban a direct Appeal - as of Right - to challenge to the Constitutionality of State Statutes; thus Denying Urban Equal Protection under the Law.

Given that in said Order New York's highest court refused to review the constitutionality of CPLR 5235 (on a mandatory basis;) the same Question # 20 Presented to this Court (on a discretionary basis;) that puts additional pressure on this Court to review the question. If for no other reason than the New York State Court of Appeals refusal denies Urban Equal Protection.

Also, said state court refusal has created a new Question for this Court; presented as a *Supplemental Question*:

### SUPPLEMENTAL QUESTION:

- (a) Given that Petitioner/Urban (in this Court) challenged the Constitutionality of NY CPLR 5235, under which the Sheriff (of Yates County) Seized and Sold Urban's 28 acres (not involved in the 75 acre "sale" to Haag & Tuttle;) ostensibly to "satisfy" Haag's Money Judgment, returning her \$16,500.00 down payment on her aborted purchase of 73 acres, - in as much as the Seizure & Sale of the 28 acres was done without a hearing or due process. See Question Presented # 20, of Cert Petition.

- (b) And Given that Petitioner/Urban also filed a "fail safe" separate direct Appeal in New York's highest court challenging the Constitutionality of CPLR 5235; **AS OF RIGHT** (NOT discretionary;) following final Judgment entered 11-17-05, in state case # 01-415; a case that Hurley illegally "commenced" in Contempt of exclusive Federal Jurisdiction, and Automatic Stay.
- (c) And Given, New York's highest court Denied Urban a Review of the issue, in violation of State Law which gives Urban a direct RIGHT to said review.
- (d) Does said denial, **deny Urban Equal Protection** under the Law?
- (e) And Does said denial, **deny Urban - Due Process**?

Note: Urban made it clear to NYSCA he could NOT go back the 4<sup>th</sup> Department, which FAILED to do their job **the first time** in 1991 (due to political interference in the judicial process;) which is how this case ended up in Federal Bankruptcy Court in the first place. THEREFORE, the NYSCA's offer to Urban to go back to the 4<sup>th</sup> Department is a (thumb in your eye) denial of Equal Protection, and denial of access to justice.

~~Also~~ Note: that on JANUARY 27, 2006, Brooklyn Federal Judge the Hon. John Gleeson, found that the corrupt system Judges get selected in New York State (eliminating the separation of Powers between local Political Bosses and the judiciary,) is Unconstitutional. See Supplemental Brief dated 2/10/06.

NOTE FURTHER: this brings to mind a statement made by the Hon. Chief Justice John G. Roberts, Jr., to the press on 3/8/06 +/-, at Urban's home boy Ronald Reagan's

Library, commenting that his son John asked (when told of appointment to Chief Justice,) whether he also got a "sword" with the job. And Hon. Roberts answered, "No."

Well, it's respectfully submitted: Hon. Justice Roberts should have said "Yes!!" that the job does carry a Sword; to Slash & burn the roots & weeds that Sprout at pillars of American Democracy, seeking to cloud, erode, and eliminate separation of Power between local political bosses and the Judiciary, thus destroy the independence of the Judiciary.

#### CONCLUSION:

This Court has to review the Constitutionality of state law CPLR 5235, et al, NOW that New York State Court of Appeals has refused to do so, in open defiance for Urban's due process, and Equal Protection Rights to get that review; given State Law mandates Court cannot refuse that review.

And this Court should also review the general (and pervasive) lack of Justice that Petitioner/Urban received in the lower courts – which resulted in the outright Robbery of 103 acres of land, farm equipment, and three Registered

Thoroughbred Broodmares – a Robbery that was sanctioned by the lower courts; acting under obvious political duress.\*

\* Back in 1988, Petitioner/Urban was informed by political insiders that he had been targetted for reprisals (that included but was not limited to the use of the local courts;) because Urban had "publically challenged" the "**Absolute Power**" of the local politicians to: (a) Tax & spend with little of NO accountability to the taxpayers; and (b) to hire and fire local judges, who are expected to "legitimize" anything the local politicians or bureaucrats do, as a condition of their employment. This latter power was *curtailed* by Brooklyn Federal Judge Hon. John Gleeson (a saint) who ruled such power *Unconstitutional*. See Supp brief.
